WEEK WELL BEGUN

SPECIAL PASSION WEEK SERVICES AT FIRST M. E. CHURCH.

BETHANY TO JERUSALEM

Subject of an Instructive Discourse by the Pastor Sunday Evening.

The special Passion Week services at the First Methodist Episcopal church had a very auspicious beginning last night. The music and the sermon were well received by a very attentive audience. The anthem "Unto Him Who Loved Us," by Schaefer, a song of praise, was sung with good effect. The pastor sang the well known song describing the triumphal procession, "The Palms," by Faure.

At the close of the Jewish Sabbath day Jesus determines to go from Bethany to Jerusalem. He is aware that the historic time and circumstances will give the most opportune time for Him to declare Himself King. He sends His disciples to secure a young colt, and upon this he begins the ride into Jerusalem. His disciples have already spread the news of His coming, and the crowds pour out from the city gates to meet Him. They see what He knew they would and proclaim Him the Holy One who comes in the name of the Lord.

He enters the city amid the hosannas of the people, enters the temple, looks upon it in silence and returns to Bethany.

Jesus has the bearing of a king, the courage of a king, the self-control of a king, and performs the most kingly service by saving His people. The Pharisees hate Him, the Romans fear Him, the soldiers are indifferent to Him, the people praise Him. So it is today. He still enters our temples and gazes at our institutions, and what He thinks of them is still of fundamental importance. The day is fast approaching when He is being received everywhere as the King. The time will come when every knee will bow, and every tongue confess Him Lord of Lords.

The subject of the study tonight will be "A Day of Authority." The choir will sing "Christian the Morn Breathe Sweetly O'er Thee." Miss Marie Gayle Jackson will sing "Teach Me to Pray," by Jewett.

MISSOURI IN FOURTH PLACE.

This State as Crop Producer Nosed Out Ohio for That Position.

Illinois again has yielded to Texas the honor of being premier crop producing state of the Union, Iowa holds her position as third, while Ohio has lost to Missouri the honor of fourth place, the department of agriculture at Washington announced today.

During 1912 Texas produced \$407,160,000 in the twelve crops—reported quantitatively by the government—corn, wheat, oats, barley, rye, buckwheat, flax seed, rice, potatoes, hay, tobacco and lint cotton. The enormous cotton crop easily gave Texas a big lead over the second largest crop producing state, Illinois, whose aggregate production was valued at \$289,326,000. Iowa's crop value aggregated \$284,395,000; Missouri's \$196,968,000, and Ohio's \$190,718,000.

A REMARKABLE SERMON.

"The Greatest Discovery of History," by Rev. Claude J. Miller of the Christian Church.

Sunday evening the Christian church was well filled with an attentive audience, who listened closely to an interesting sermon delivered by the pastor, Rev. Claude J. Miller. His subject was "The Greatest Discovery of History." Scripture lesson John 1:35-51. Text, forty-first verse. The Rev. Mr. Miller said in part:

"History of the last twenty centuries has given some remarkable discoveries—invention of gunpowder, the printing press, power of steam, electricity, the telegraph, telephone, the wireless system, discovery of the north and south poles, etc.

"The greatest discovery of all must be credited to two fishermen, Andrew and John, of Palestine. They found the Messiah, the anointed one, as He walked the well-beaten path beside the Jordan.

"Then discovery was not made through the prestige of wealth or scholarship. Fishermen, especially in those days, were not capitalists. It was not by accident or luck John and Andrew found Jesus. It was the reward of good company. They were with John the Baptist, preacher, herald of the truth. His dress was simple to the extreme, but His preaching was wonderful.

"The value of their discovery today is greater than all the things of modern or mediaeval history. Jesus Christ is the same today as yesterday. His message is always up to date. Changes are everywhere here. Continents exchanging places with seas, mountains crumbling, oceans evaporating, nations, empires and republics dancing into light and skipping into darkness, but He endures—Jesus is the same.

"Achievements—The discovery of America revolutionized the ideas of astronomy and opened up a continent of vast resources and geography. The discovery of numerous labor saving devices has saved hundreds of human lives and hardship. But these are only of relative value. The discovery of Andrew and John of the Messiah is ten thousand times its value. His achievements are without parallel.

"Before you find fortune, riches, health or fame, the pre-eminent thing, my brother, is to find Christ. This church has been built and sustained by loving and sacrificing hands that you may make the discovery John and Andrew made."

WHAT THE SCHOOLS GAIN.

The Legislature Passed Many Useful Bills for Their Benefit.

The schools of Missouri, particularly in the rural districts, have much for which to thank the present state legislature.

The legislation which has been adopted, and some now pending, which provides progressive possibilities for the state, are as follows:

Normal training for teachers in high schools. Passed both houses. Consolidating country districts and locating high schools with state aids in building schools and maintenance. Passed both houses.

State aid for high schools, making possible first class schools in every county of the state. Passed by the senate.

State aid for weak country districts making possible eight months of common school in every district. Passed by the senate.

Uniform text book law for districts under a population of fifty thousand. To engrossment in both houses.

Empowering commission of seven men to plan future development for schools in Missouri. Passed by the senate.

Empowering county boards of education to have authority over all county schools. To engrossment in senate.

Kindergarten bill, changing the limits for school attendants in Kansas City and St. Louis to 5 and 24 years. Passed by both houses.

Free text books throughout the state. In committee of the house.

Paying county and district school officials to meet in central bodies. Passed by the house.

Another bill provides for social centers in the rural districts by making it compulsory to build large assembly rooms, which can be opened at any time in schools which receive aid from the state.

GARRETT FUNERAL SERVICES.

Last Rites for Theron Garrett Are Attended by Many Friends of the Boy and His Family.

The funeral services for Marcus Theron Garrett, the 12-year-old son of Mr. and Mrs. Jefferson Garrett of South Market street, who died Friday morning, after a two months' illness of rheumatism, were held Sunday afternoon at the First M. E. church at 2 o'clock, many friends of Theron and his family attending.

Rev. Gilbert S. Cox, the pastor, gave a comforting talk from the words "Where your treasure is, there will your heart be also." The point was made that the parents, brothers and sisters and friends had more reason to strive for heaven than they had had before, because there was one there now who would be watching and waiting for them—one of the home treasures whose loss had caused the first pang of grief they had known.

Burial took place in Miriam cemetery. The pallbearers were chosen from the members of the Sunday school class to which Theron belonged, taught by Miss Audrey Howendobler. They were Emmett Bartram, Jesse Boatman, Roland Martin, Eugene DeArmond, Willie Bailey, Harry Price.

Two other members of the class, John Price and Arthur Pearce, carried the beautiful floral offerings to the cemetery.

Announcement.

Owing to indisposition that prevented my personal presence at the Republican primaries, held on March 15th, and the further fact that the printer was unable to get my tickets printed in time for use at the primaries, and feeling that but for these two misfortunes I would have been nominated at the primaries, and believing that the long experience I have had with the duties of the place fit me for the position, I hereby announce myself as an independent candidate for the office of constable, to be voted on at the forthcoming election, held on March 25th. RICHARD SNYDER.

At the Vern Plakes public sale, held at his farm, near Pickering, last week, a pair of 3-year-old mules brought \$467.50. Thirty head of horses and mules were sold in thirty minutes. R. P. Hosmer was the auctioneer.

AID FOR SCHOOLS

SUPT. OAKERSON CALLS ATTENTION TO NEW LAW.

STATE TO AID DISTRICTS

Some of Our Schools Had to Close—The Conditions Necessary to Receive Aid From the State.

County Superintendent W. M. Oaker-son, in a statement issued Monday, tells of the bill passed by the Missouri assembly in regard to state aid for rural schools. Mr. Oaker-son writes:

One district in Nodaway county has closed school this year with only a five months' term. Several districts will close with a seven months' term. This should not be, for every child in the county should have the opportunity of at least an eight months' term of school.

The Missouri general assembly has just passed a law which will enable every district in Nodaway county to have an eight months' term of school next year if the district is willing to meet certain requirements which are not difficult to meet. It makes it possible for every district in Nodaway county to have an eight months' term of school and pay at least \$40 per month to the teacher.

Every school district in the county which has a valuation of \$50,000 or less should vote a levy of 65 cents on the \$100 for school purposes and take advantage of this state aid law.

In order to secure state aid the district must meet three conditions as follows:

The district must have an assessed valuation of \$50,000 or less.

The district must levy 65 cents on the \$100 for school purposes.

The district must have maintained this year an average daily attendance of fifteen pupils or an average daily attendance of 60 per cent of the last school enumeration.

The conditions are not difficult to meet and every district within the limits of the valuation should meet the three conditions named above.

The amount of aid granted is \$100 per district, or so much thereof as may be necessary to maintain an eight months' term of school at the following salaries:

Forty dollars per month for a third grade teacher.

Forty-five dollars per month for a second grade teacher.

Fifty dollars per month for a first grade teacher.

The district is required to use at least 40 cents on the \$100 for the payment of teachers' wages, the remaining 25 cents may be used for incidental purposes. Out of the 25 cents any school equipment, such as library books, maps, desks, fuel, blackboards, closed water tanks, etc., may be purchased.

It would be well if every district in the county which is not already supplied with such would set apart some money to use in improving the heating, ventilating and sanitary conditions of the school. The state is willing to help you have an eight months' term of school with modern improvements in your school. Why not take advantage of this offer?

There are thirty-nine districts in Nodaway county which may receive state aid under this law, provided they will meet the conditions named above. These districts are as follows: Rissor, Foster, White Chapel, Hickory Grove, Independence, Excelsior (20), Lone Star, Star of the West, Oak Grove, Clyde (Black), Prairie View, Cottonwood, Toad Hollow, Mowery, Mozingo Valley, Snowball, Logan, Bunker Hill, Elm Grove, Common Sense, Long Branch, Excelsior (61), Mr. Vernon (67), Guthrie, Carter, Lone Tree, Champaign, Wilcox, Morning View, Mt. Vernon (107), Pleasant Hill, Fryar, Hazel Grove, Swinford, East Star, Jefferson, Dougan, Hazel Dell (34), Possum Walk.

Out of the thirty-nine districts named twenty of them voted the 65 cents levy on the \$100 last year.

For further information concerning this matter the district clerks should write the county superintendent.

The parcels post has come, and come
to stay. It follows in the inevitable
line of progress along with the railroad,
the telephone and the automobile.
It is useless to fight it, it is useless to
oppose it. The only thing to do is to
adjust matters to meet it. Both buyers
and sellers must embrace it, appropriate
it and make it contribute to their
advantage. The merchant who thought
it would give an unfair advantage to
some other dealer must now devise
ways to turn it to his own benefit. It
can be done, and no doubt will be. The
parcels post is already too big a thing
to oppose successfully.

There is an unlocatable rumor adrift
in the political stream that would indicate
that a certain railroad and telephone
corporation are in league to delay
the operation of the public utility
law by a resort to the referendum. It
would be well enough for the people
to keep eyes open and ears to the
ground for a flank move of this kind.
Of course, if the corporations desire
to whistle for the bear, there isn't a
doubt but that the bear will come.
Some public utilities continue to think
that the public can be trifled with, but
they invite a cyclone they will know
better after the storm; that is, if there
is enough left of them to know anything.

Governor Major's appointees continue
to aid in demonstrating the fact
that Democracy means efficiency in
the public service. The latest illustration
of this is supplied by the state
beer inspection department, which has

just closed its first month under the
present Democratic administration,
and the receipts of the office have surpassed
all previous records for the
same month in the entire history of
this department. On March 1st General
Major's state beer inspector, T. S.
Mosby, turned over to the state treasurer
the sum of \$29,318.17, representing
the receipts of the beer inspection
office for the month of February. This
is just \$2,178.05 more money than Had-
ley's beer inspector collected during
the corresponding month of last year,
and is \$1,358.67 more than was ever
collected any preceding February in
the history of the office. Mr. Mosby
declares that he will collect at least a
million dollars from the breweries before
another legislature meets, although
the receipts of the department have
never yet been brought up to that
figure during any biennial period.

Steady Drinker Not Sane.

The steady drinker is never fully
sane. There are thousands of steady
drinkers who work among us every day
who will declare this is all nonsense,
and they are quite as bright and in-
tellectual as the man who is not a
steady drinker.

Dr. D. T. Crothers, superintendent of
the Walnut Lodge hospital, Hartford,
Conn., with other authorities on alcohol-
ic poisoning, declares that an alcohol-
ic is never absolutely sane. By an
alcoholic he means a man who is a
steady drinker, a man who drinks con-
stantly, every day, who never, or at
least seldom, is intoxicated, and who
makes his boast that it does not hurt
him, and that he can do as good work
as any man.

The confirmed alcoholic or steady
drinker, according to Dr. Crothers,
may seem to have average capacity,
yet in some things he has a weakness
bordering almost on imbecility. A
steady drinker may be performing pro-
fessional work that seems of a high
grade, but there is connected with it
the moral palsy of one plainly de-
mented. He is known, however, only
by his professional work, and there-
fore the actual horrors of alcoholism
are kept covered up.

Many of the extreme characters in
history were alcoholics. Anarchists,
revolutionists and such people, and
their extraordinary reasonings, are
held by the medical experts as proof
that alcoholism is a form of insanity.

Just as certain diseases destroy the
cells, so alcohol poisoning produces a
condition which calls for a return of
the same poison, and this is where the
victim ceases to be normal.

Heredity is a powerful factor. Just
as insane patients, while not handing
actual insanity down to their children,
bequeath to them a body that is un-
prepared to resist insane tendencies,
so alcoholic parents leave to their chil-
dren a weakened body that craves stim-
ulants, and such children easily be-
come alcoholics if they are allowed to
use intoxicants.

With proper care and treatment and
proper assistance on the part of the
victims themselves, Dr. Crothers thinks
that fully half of the steady drinkers
might be cured. Considering the ad-
vance of medicine, the ability to cure
only 50 per cent, the evidence of the
grave nature of alcohol poisoning, and
of the peculiar form of insanity it
brings on. He estimates that there are
more than a quarter of a million alco-
holics in what is known as the chronic
class that receive little or no treat-
ment.—New York American.

West First street, when they will go
to King City to visit Mrs. Epperson's
parents, Mr. and Mrs. William Sher-
man. They will be at home on a farm
near King City about the first of May.
Mr. Epperson and his wife, who was
Miss Dove Sherman, were married in
St. Joseph, October 26 last.

King-Crigger Wedding.

Miss Flora E. King of Maryville and
Mr. William J. Crigger of Creston, Ia.,
were married Saturday afternoon at
4:30 o'clock at the home of the bride's
parents, Mr. and Mrs. Ben King, living
northeast of Maryville. The ceremony
was performed by Rev. Abner H. John-
son, pastor of the Christian church at
Bedison. The bride wore a beautiful
gown of white silk crepe de chene
trimmed with rosebuds, shadow lace
and beaded chiffon. Miss Vida Mae
Wilson was bridesmaid. She wore a
gown of white embroidered voile. Mr.
Herman Seipel was best man. The
bride and her bridesmaid carried a
shower bouquet of calla lilies and car-
nations. The following day at noon a
two-course dinner was served by Mr.
and Mrs. King, assisted by their daugh-
ters, Misses Ola and Ora King, to the
following company. Mr. and Mrs. Wil-
liam J. Crigger, Mr. and Mrs. George

Walker, Misses Stella McDowell, Nelle
Alkire, Cleo and Marie Grundy, Vida
Wilson, Helen King, Sarah Taylor, Mr.
Herman Seipel. Mr. and Mrs. Crigger
left Monday for Creston, where they
will be at home after March 18.

Married at the Manse.

Quite a surprise to their friends was
the marriage of Miss Flora Oulie
Lippman and Mr. Fred French of this
city, which took place Saturday even-
ing at 8 o'clock at the manse, the home
of the officiating minister, Rev. S. D.
Harkness of the First Presbyterian
church. The only witnesses aside from
the minister's family were two broth-
ers of the bride, Mr. Roy Lippman of
this city and Mr. Edward Lippman and
his little daughter of St. Louis. Mr.
and Mrs. French went to their home,
309 West Fourth street, which is the
old Lippman home, immediately after
the ceremony, and will be at home to
their friends after April 15. The bride
is the only daughter of Mrs. Lisette
Lippman of Maryville. The groom has
been an employe of the Maryville post-
office department for several years.
Both are popular young people and
will receive the happiest wishes of
hosts of friends.

Young Ladies' Mission Circle.

There was a good attendance at the
Young Ladies' Mission Circle of the
First Christian church Saturday after-
noon, with Miss Marie Prink as host-
ess. The devotions were led by Mrs.
G. B. Roseberry, who read the fourth
chapter of Proverbs for the Scripture
lesson. The numbers on the program
were a paper on "Training the Child-
ren for Mission Service" by Mrs. E. H.
Cook; "The Making of a Children's
Missionary Society," Mrs. Albert
Swann; a story on "The Making of a
Decision" was read by Miss Maud
Hagins. The quiz on "The Life of
David Livingston" was conducted by
Mrs. J. S. Shinabargar. An interest-
ing and entertaining letter was read by
Mrs. J. D. Richey from Mrs. H. A. Den-
ton of Galesburg, Ill., the organizer or
mother of the Circle, who favors her
thriving protegee with a letter of en-
couragement two or three times a
year. The music on the program was
a vocal solo by Mrs. Harry Todd and
a piano number by Miss Marie Reuil-
lard. During the business session Miss
Reuillard was elected pianist. The
hostess was assisted in serving a
luncheon during the social hour by her
guest, Miss Jessie Ladwig. There was
another visitor, Miss Hudson.

Was a Very Pretty Wedding.

The prettiest wedding of the season
was that of Miss Esther Shoemaker
and Mr. Oliver K. Bovard, at the home
of the bride's parents, Mr. and Mrs.
Frank G. Shoemaker, 402 East Fourth
street, Saturday evening. The house
decorations were all in green and gold,
the colors of the Eta Upsilon Gamma
sorority of Hardin college, of which
the bride was a member, as were two
of her bridesmaids, Miss Louise Sal-
lander of Ft. Madison, Ia., and Miss
Caroline Watkins of Lawson, Mo. The

staircase in the reception hall was
wound with smilax. An aisle formed
of bands of yellow tulle led from the
stairway to the altar at the east win-
dow of the music room, made entirely
of palms, ferns and smilax. The bridal
couple stood under a canopy made of
strands of smilax, extending from the
electroliter to the window. Before the
ceremony Mrs. Ferdinand M. Town-
send sang two numbers, "I Love You"
and "You Alone," with accompaniment
by Dr. D. J. Thomas, who played the
piano. The wedding music from "Lo-
hengrin" announced the approach of
the bridal party. The bridesmaids were
dressed in the colors chosen for the
wedding, green and gold. Miss Sal-
lander, who was maid of honor, wore a
yellow charmeuse satin and carried a
basket of yellow roses. The brides-
maids, Miss Watkins and Miss Laura
Barnmann, were gowned in green and
carried baskets of yellow daffodils.
Miss Watkins' gown was of green
meteor crepe with trimmings of white
lace, while Miss Barnmann's gown was
of green and white brocaded satin.
Following the brides came the bride
with her father, Mr. F. G. Shoemaker,
then the bridegroom and his best man,
Mr. Edward Schumacher, and they
were met at the altar by Rev. Gilbert
S. Cox of the First M. E. church. The
Episcopal church marriage service was
read by the minister, the father giving
his daughter to Mr. Bovard. The bride
was beautiful in her robe of white lace
over white charmeuse satin. Her bou-
quet was of bride roses. After con-
gratulations from the guests, who
were relatives and intimate friends, a
two-course luncheon was served. In
the center of the table was the bride's

cake, which was cut by the bride and
her maids, Miss Watkins securing the
ring and Miss Sallander the thimble.
Assisting during the reception of the
guests was Master Louis Vance Lis-
ton, who opened the door on their ar-
rival. The little boy is the son of
Michael Liston, who has been in the
employ of the bride's father since be-
fore she was born and has always been
her good friend. The others assisting
were Miss Elizabeth Leet, a cousin of
the bride; Mrs. D. J. Thomas, Mrs. Lu-
tehr Forsyth, Miss Dora Carpenter,
and Miss Maud Bannum. The only
thing that marred the happiness of the
evening was the absence of the bride's
brother, Frank G. Shoemaker, Jr., and
his wife of Oklahoma City, Okla., who
were unable to attend, and a girl
friend, Miss Araminta Sargent of Chi-
cago.

Hopkins Minister Marries.

Rev. Henry M. Baker, pastor of the
Christian church of Hopkins, married
Mrs. Bess Klime Miller Saturday eve-
ning at 8 o'clock, at the home of the
bride's mother, Mrs. Lettie Klime, who,
with another daughter, Miss Cleo Klime,
were the only guests. The ceremony
was performed by Rev. W. H. Griffith,
pastor of the Baptist church at Hop-
kins.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea" and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit. The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers. The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow. NEW MEMBERS WANT ACTION

Say They Will "Fight Out Questions All Summer."

TARIFF REVISION IS SURE.

Panama Canal Toll Issue Cannot Be Evaded, Say Democrat Advocates of Free Tolls Among House Members. Sims Will Introduce Bill.

Washington, March 17.—Congressional circles are keeping a close watch on the White House for any indication of a change of sentiment toward the consideration of other subjects than the tariff at the special session that is to convene early next month. It has become increasingly evident that currency reform, Philippine independence, Panama canal tolls, woman suffrage and other leading issues are to be forced upon the attention of the country before the tariff session is well begun; and that it will be difficult to withstand the pressure to have them taken up for action before adjournment.

While the older members of both houses of congress are urging an early adjournment of the approaching session, there are scores of new men in the senate and house who are willing and eager to "stay all summer." If necessary, to secure legislative action upon subjects in which they are interested.

The Panama canal toll issue cannot be evaded, in the opinion of Democrats of both houses, who have been advocates of the repeal of the free toll provision in the law, which will become operative as soon as the canal is opened next fall.

Sims Will Introduce Bill.

Representative Sims will reintroduce his resolution to accomplish this end soon after the new congress convenes and will attempt to secure action upon it.

The Democrats have gotten over the hard places in the tariff revision scheme, have virtually finished with the fourteen schedules of the Payne-Aldrich law and will take up administrative features of the tariff today.

With that part of the work disposed of, there will be a final smoothing out of the whole plan, a careful analysis of the effect on federal revenues that would follow each change tentatively agreed upon and then a full consideration of the income tax plan, with a view to making up any needed amount of revenue.

There have been some additions to the free list of the present law. The fight against free lemons has been compromised with an agreement for a substantial cut in duty. There have been numerous reductions agreed upon in the big schedules, much along the lines indicated while the hearings were in progress.

BRYAN TO IRISH-AMERICANS

Predicts Island Will Have Home Rule Inside of Two Years.

Washington, March 17.—Home rule in Ireland within two years is the prediction by William J. Bryan, secretary of state, in an address at a St. Patrick's day banquet, given by Irish-Americans. Mr. Bryan based his prediction upon the fact that in that time the Irish home rule bill would again be before the English parliament and that the house of commons being controlled by the Irish members it again would be passed by that body and would not require the concurrence of the house of lords. In his introductory remarks Mr. Bryan paid a tribute to the Irish character, which he declared was responsible for the great fight being waged for home rule and thus bring about the beginning of the end of hereditary rule.

"The degradation of the house of lords," Secretary Bryan said, "is due to its opposition to the home rule bill which brought about an amendment to the English constitution, thus making the concurrence of the house of lords unnecessary after a bill has passed the house of commons a second time. The Irish can point to this as one of the greatest achievements in history, having brought to a vital end hereditary rule in the British empire. Within two years the Irish all over the world can celebrate the freedom of Ireland."

Referring briefly to the change of administration in the United States the secretary said the government of a great country had been transferred from one party to another of diametrically opposite views, "without a ripple, without a protest and without a murder."

Friedmann Returns to See Patients.

New York, March 17.—Dr. Frederick Franz Friedmann returned here from Canada and made preparations for administering his tuberculosis vaccine to twelve patients in Bellevue hospital today. Dr. John F. GOTHAM CROOKS MAKE RICH HAUL

Thieves Get Quarter Million Worth of Jewels and Notes.

ENTER SHOP THROUGH TUNNEL

Police Think That Six Cracksmen Were Engaged in the Work, Which Was Not Heard by Tenants in the Building.

New York, March 17.—An east side burglary, perpetrated by clever cracksmen, netted the thieves the largest haul obtained in New York city in many years. Martin Simons & Sons, pawnbrokers in Hester street, were the victims and the property included \$125,000 worth of jewelry, diamonds and other precious stones, and \$100,000 worth of negotiable securities.

The thieves gained access to the pawnbroker's richly stored vaults by means of a tunnel from an adjoining building on a neighboring street. They made a clean getaway with their valuable loot.

The police are of the opinion that six cracksmen were employed on the job and that the tunneling required two days. None of the tenants in either the building from which the tunnel started or that in which the pawnshop was located heard any unusual noises.

When Simons and his son reached the pawnshop and made a hasty inventory, they declared that the loot taken easily was worth \$250,000 and that probably its value would exceed that figure.

A janitor peering through the window of the shop noticed the light near the vault and gave the alarm. The police found that the tunnel was dug in the cellar of a house in Irving street, directly adjoining Simons' place. It was driven through the wall of the Eldridge house and into a wood bin in the cellar of the Simons' store. The thieves sawed away the overhead flooring at a spot directly in front of the treasure vault. The vault, which stands twelve feet high and is built in the wall, was entered by chopping away the masonry.

WARDELL UNDER ARREST

Man is Accused of Swindling Woman by Mock Marriage.

Chicago, March 17.—David A. Wardell, a San Francisco real estate dealer, who is alleged to have used the name of Donald Coleman when he married Miss Laura Crew in Los Angeles, was brought to Chicago from Rochester by detectives. Three thousand dollars of the \$4,500 which the woman had turned over to her alleged "husband" was recovered by the police. He was booked on a charge of operating a confidence game.

Miss Crew now is convinced that she was lured into a false marriage by Wardell for the purpose of getting her money. He persuaded her to sell her hotel business in Los Angeles when they were married, she told the police, and she entrusted the proceeds—\$4,500—to him when they reached Chicago last month.

MURDERS HIS SISTER-IN-LAW

Chicago Policeman Slays Woman Who Caused Son's Arrest.

Chicago, March 17.—Dressed in his uniform, Policeman Joseph Smith, who for more than twenty years has been a member of the Chicago department, walked into a station, saluted the sergeant in charge and said:

"I've just killed my sister-in-law, Mrs. Rose Smith, over in her home. You had better send some one over there."

Policemen found Mrs. Smith had been shot three times in the head. She died almost instantly.

"She ruined my home, disgraced my name and brought shame upon my son," Smith explained. Recently Mrs. Smith caused the arrest of the policeman's son on the charge of larceny.

Think an Insect Causes Pellagra.

Washington, March 17.—Pellagra is more prevalent than is ordinarily supposed, even by physicians practicing in pellagrous communities, Assistant Surgeon R. M. Grimm of the public health service says in a report on the results of an investigation in several southern states. Because of its widespread existence in certain districts, he urges a sweeping inquiry to unravel the cause of the puzzling disease. The surgeon declared that there was a possibility that some insect played a part in the dissemination of the disease.

Carnegie Endowment Issues Appeal.

Washington, March 17.—Declaring the United States ought to be the most scrupulous of all nations in the keeping of its treaty obligations, "even to its own hurt," the trustees of the Carnegie endowment for international peace issued an appeal to the American people to bring about an act of national honor the repeal of the act of congress which exempts coastwise vessels from payment of Panama canal tolls.

Orders Purse Thieves Shot.

Kansas City, March 17.—Chief of Police Griffin issued an order instructing policemen to "shoot down any purse snatcher caught in the act of seizing a purse or bag." The order is the result of numerous robberies recently.

Relief for Bowel Trouble

Here is a laxative—not a purgative—but a pleasant, easy-to-take tablet that tastes just like candy, that children like, that is ideal for invalids and aged persons. We guarantee it not to cost you a penny if it does not satisfy you. Don't doubt or hesitate—make us prove it.

Consult Your Doctor

We believe your doctor will tell you that about 95 per cent of all human ills are indirectly caused by unclean and constipated bowels. You know the first question the doctor asks when you consult him is, "Are your bowels regular?"

When your bowels are not naturally exercised such as they would be if you took a good brisk walk of six or seven miles a day out in the open, they require artificial exercise and a corrective tonic that will soothe and strengthen while regulating the bowels to natural action.

Free If It Fails

We have so much faith in Rexall Orderlies as the safest, most dependable, easiest-to-take, quietest acting and most thoroughly good remedy for bowel trouble, that we offer them with our positive guarantee that if they do not satisfy for any reason whatever, we will hand back the money you paid for them.

Hot Staff.

Quite a story is told on one of the centennial county papers. It was deplorable space each week city, occasional divorce case then brought in the local court. A reporter on the paper, walking through city park one afternoon, noticed a young lady lay aside a copy of the paper, take off her shoes and stockings, turn the latter wrong side out and then put them on again. This aroused the curiosity of the reporter and he went to her and asked the reason for her peculiar actions. She replied, "I was just reading the account of the divorce case in this paper and it was such hot stuff I had to turn the hose on myself."

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Maryville.

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maryville woman tell of her experience.

Mrs. L. Cain, 709 East Second street, Maryville, Mo., says: "My kidneys bothered me quite awhile and I had backaches and headaches. On a friend's advice I got Doan's Kidney Pills and they soon brought me relief. I can certainly recommend them."

THAT TIRED FEELING

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood, and a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy but that has long ago been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cod's liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker of Bowen's Mill, Ga., says: "When I was badly run down last spring I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it does not. Orean-Henry Drug Co., Maryville, Mo.—Advertisement.

WEEK WELL BEGUN

SPECIAL PASSION WEEK SERVICES AT FIRST M. E. CHURCH.

BETHANY TO JERUSALEM

Subject of an Instructive Discourse by the Pastor Sunday Evening.

The special Passion Week services at the First Methodist Episcopal church had a very auspicious beginning last night. The music and the sermon were well received by a very attentive audience. The anthem "Unto Him Who Loved Us," by Schaecker, a song of praise, was sung with good effect. The pastor sang the well known song describing the triumphal procession, "The Palms," by Faure.

At the close of the Jewish Sabbath day Jesus determines to go from Bethany to Jerusalem. He is aware that the historic time and circumstances will give the most opportune time for Him to declare Himself King. He sends His disciples to secure a young colt, and upon this he begins the ride into Jerusalem. His disciples have already spread the news of His coming, and the crowds pour out from the city gates to meet Him. They see what He knew they would and proclaim Him the Holy One who comes in the name of the Lord.

He enters the city amid the hosannas of the people, enters the temple, looks upon it in silence and returns to Bethany.

Jesus has the bearing of a king the courage of a king, the self-control of a king, and performs the most kingly service by saving His people. The Pharisees hate Him, the Romans fear Him, the soldiers are indifferent to Him, the people praise Him. So it is today. He still enters our temples and gazes at our institutions, and what He thinks of them is still of fundamental importance. The day is fast approaching when He is being received everywhere as the King. The time will come when every knee will bow, and every tongue confess Him Lord of Lords.

The subject of the study tonight will be "A Day of Authority." The choir will sing "Christian the Meek Breathe Sweetly O'er Thee." Miss Marie Gayle Jackson will sing "Teach Me to Pray," by Jewett.

MISSOURI IN FOURTH PLACE.

This State as Crop Producer Nosed Out Ohio for That Position.

Illinois again has yielded to Texas the honor of being premier crop producing state of the Union, Iowa holds her position as third, while Ohio has lost to Missouri the honor of fourth place, the department of agriculture at Washington announced today.

During 1912 Texas produced \$407,160,000 in the twelve crops—reported quantitatively by the government—corn, wheat, oats, barley, rye, buckwheat, flax seed, rice, potatoes, hay, tobacco and lint cotton. The enormous cotton crop easily gave Texas a big lead over the second largest crop producing state, Illinois, whose aggregate production was valued at \$289,326,000. Iowa's crop value aggregated \$284,395,000; Missouri's \$196,968,000, and Ohio's \$190,718,000.

A REMARKABLE SERMON.

"The Greatest Discovery of History," by Rev. Claude J. Miller of the Christian Church.

Sunday evening the Christian church was well filled with an attentive audience, who listened closely to an interesting sermon delivered by the pastor, Rev. Claude J. Miller. His subject was "The Greatest Discovery of History." Scripture lesson, John 1:35-51. Text, forty-first verse. The Rev. Mr. Miller said in part:

"History of the last twenty centuries has given some remarkable discoveries—invention of gunpowder, the printing press, power of steam, electricity, the telegraph, telephone, the wireless system, discovery of the north and south poles, etc.

"The greatest discovery of all must be credited to two fishermen, Andrew and John, of Palestine. They found the Messiah, the anointed one, as He walked the well-beaten path beside the Jordan.

"Then discovery was not made through the prestige of wealth or scholarship. Fishermen, especially in those days, were not capitalists. It was not by accident or luck John and Andrew found Jesus. It was the reward of good company. They were with John the Baptist, preacher, herald of the truth. His dress was simple to the extreme, but His preaching was wonderful.

"The value of their discovery today is greater than all the things of modern or mediaeval history. Jesus Christ is the same today as yesterday. His message is always up to date. Changes are everywhere here. Continents exchanging places with seas, mountains crumbling, oceans evaporating, nations, empires and republics dancing into light and skipping into darkness, but He endures—Jesus is the same.

"Achievements—The discovery of America revolutionized the ideas of astronomy and opened up a continent of vast resources and geography. The discovery of numerous labor saving devices has saved hundreds of human lives and hardship. But these are only of relative value. The discovery of Andrew and John of the Messiah is ten thousand times its value. His achievements are without parallel.

"Before you find fortune, riches, health or fame, the pre-eminent thing, my brother, is to find Christ. This church has been built and sustained by loving and sacrificing hands that you may make the discovery John and Andrew made."

GARRETT FUNERAL SERVICES.

Last Rites for Theron Garrett Are Attended by Many Friends of the Boy and His Family.

The funeral services for Marcus Theron Garrett, the 12-year-old son of Mr. and Mrs. Jefferson Garrett of South Market street, who died Friday morning, after a two months' illness of rheumatism, were held Sunday afternoon at the First M. E. church at 2 o'clock, many friends of Theron and his family attending.

Rev. Gilbert S. Cox, the pastor, gave a comforting talk from the words "Where your treasure is, there will your heart be also." The point was made that the parents, brothers and sisters and friends had more reason to strive for heaven than they had had before, because there was one there now who would be watching and waiting for them—one of the home treasures whose loss had caused the first pang of grief they had known.

Burial took place in Miriam cemetery. The pallbearers were chosen from the members of the Sunday school class to which Theron belonged, taught by Miss Audrey Howen-dobler. They were Emmett Bartram, Jesse Boatman, Roland Martin, Eugene DeArmond, Willie Bailey, Harry Price.

Two other members of the class, John Price and Arthur Pearce, carried the beautiful floral offerings to the cemetery.

Announcement.

Owing to indisposition that prevented my personal presence at the Republican primaries, held on March 15th, and the further fact that the printer was unable to get my tickets printed in time for use at the primaries, and feeling that but for these two misfortunes I would have been nominated at the primaries, and believing that the long experience I have had with the duties of the place fit me for the position, I hereby announce myself as an independent candidate for the office of constable, to be voted on at the forthcoming election, held on March 25th. RICHARD SNYDER.

AID FOR SCHOOLS

SUPT. OAKERSON CALLS ATTENTION TO NEW LAW.

STATE TO AID DISTRICTS

Some of Our Schools Had to Close—The Conditions Necessary to Receive Aid From the State.

County Superintendent W. M. Oaker-son, in a statement issued Monday, tells of the bill passed by the Missouri assembly in regard to state aid for rural schools. Mr. Oaker-son writes:

One district in Nodaway county has closed school this year with only a five months' term. Several districts will close with a seven months' term. This should not be, for every child in the county should have the opportunity of at least an eight months' term of school.

The Missouri general assembly has just passed a law which will enable every district in Nodaway county to have an eight months' term of school next year if the district is willing to meet certain requirements which are not difficult to meet. It makes it possible for every district in Nodaway county to have an eight months' term of school and pay at least \$10 per month to the teacher.

Every school district in the county which has a valuation of \$50,000 or less should vote a levy of 65 cents on the \$100 for school purposes and take advantage of this state aid law.

In order to secure state aid the district must meet three conditions as follows:

The district must have an assessed valuation of \$50,000 or less.

The district must levy 65 cents on the \$100 for school purposes.

The district must have maintained this year an average daily attendance of fifteen pupils or an average daily attendance of 60 per cent of the last school enumeration.

The conditions are not difficult to meet and every district within the limits of the valuation should meet the three conditions named above.

The amount of aid granted is \$100 per district, or so much thereof as may be necessary to maintain an eight months' term of school at the following salaries:

Forty dollars per month for a third grade teacher.

Forty-five dollars per month for a second grade teacher.

Fifty dollars per month for a first grade teacher.

The district is required to use at least 40 cents on the \$100 for the payment of teachers' wages, the remaining 25 cents may be used for incidental purposes. Out of the 25 cents any school equipment, such as library books, maps, desks, fuel, blackboards, closed water tanks, etc., may be purchased.

It would be well if every district in the county which is not already supplied with such would set apart some money to use in improving the heating, ventilating and sanitary conditions of the school. The state is willing to help you have an eight months' term of school with modern improvements in your school. Why not take advantage of this offer?

There are thirty-nine districts in Nodaway county which may receive state aid under this law, provided they will meet the conditions named above. These districts are as follows: Risser, Foster, White Chapel, Hickory Grove, Independence, Excelsior (20), Lone Star, Star of the West, Oak Grove, Clyde (Black), Prairie View, Cottonwood, Toad Hollow, Mowery, Mozingo Valley, Snowball, Logan, Bunker Hill, Elm Grove, Common Sense, Long Branch, Excelsior (61), Mr. Vernon (67), Guthrie, Carter, Lone Tree, Champaign, Wilcox, Morning View, Mt. Vernon (107), Pleasant Hill, Fryar, Hazel Grove, Swinford, East Star, Jefferson, Dougan, Hazel Dell (34), Possum Walk.

Out of the thirty-nine districts named twenty of them voted the 65 cents levy on the \$100 last year.

For further information concerning this matter the district clerks should write the county superintendent.

JOHN R. BOHAM.

Secretary McDoo is not the only cabinet officer who may be expected to do things.

The parcels post has come, and come to stay. It follows in the inevitable line of progress along with the railroad, the telephone and the automobile. It is useless to fight it, it is useless to oppose it. The only thing to do is to adjust matters to meet it. Both buyers and sellers must embrace it, appropriate it and make it contribute to their advantage. The merchant who thought it would give an unfair advantage to some other dealer must now devise ways to turn it to his own benefit. It can be done, and no doubt will be. The parcels post is already too big a thing to oppose successfully.

There is an unlocatable rumor adrift in the political stream that would indicate that a certain railroad and telephone corporation are in league to delay the operation of the public utility law by a resort to the referendum. It would be well enough for the people to keep eyes open and ears to the ground for a flank move of this kind. Of course, if the corporations desire to whistle for the bear, there isn't a doubt but that the bear will come. Some public utilities continue to think that the public can be trifled with, but if they invite a cyclone they will know better after the storm; that is, if there is enough left of them to know anything.

Governor Major's appointees continue to aid in demonstrating the fact that Democracy means efficiency in the public service. The latest illustration of this is supplied by the state beer inspection department, which has

just closed its first month under the present Democratic administration, and the receipts of the office have surpassed all previous records for the same month in the entire history of this department. On March 1st General Major's state beer inspector, T. S. Mosby, turned over to the state treasurer the sum of \$29,318.17, representing the receipts of the beer inspection office for the month of February. This is just \$2,178.95 more money than Hadley's beer inspector collected during the corresponding month of last year, and is \$1,358.67 more than was ever collected any preceding February in the history of the office. Mr. Mosby declares that he will collect at least a million dollars from the breweries before another legislature meets, although the receipts of the department have never yet been brought up to that figure during any biennial period.

Steady Drinker Not Sane.

The steady drinker is never fully sane. There are thousands of steady drinkers who work among us every day who will declare this is all nonsense, and they are quite as bright and intellectual as the man who is not a steady drinker.

Dr. D. T. Crothers, superintendent of the Walnut Lodge hospital, Hartford, Conn., with other authorities on alcoholic poisoning, declares that an alcoholic is never absolutely sane. By an alcoholic he means a man who is a steady drinker, a man who drinks constantly, every day, who never, or at least seldom, is intoxicated, and who makes his boast that it does not hurt him, and that he can do as good work as any man.

The confirmed alcoholic or steady drinker, according to Dr. Crothers, may seem to have average capacity, yet in some things he has a weakness bordering almost on imbecility. A steady drinker may be performing professional work that seems of a high grade, but there is connected with it the moral palsy of one plainly demented. He is known, however, only by his professional work, and therefore the actual horrors of alcoholism are kept covered up.

Many of the extreme characters in history were alcoholics. Anarchists, revolutionists and such people, and their extraordinary reasonings, are held by the medical experts as proof that alcoholism is a form of insanity.

Just as certain diseases destroy the cells, so alcohol poisoning produces a condition which calls for a return of the same poison, and this is where the victim ceases to be normal.

Heredity is a powerful factor. Just as insane patients, while not handing actual insanity down to their children, bequeath to them a body that is unprepared to resist insane tendencies, so alcoholic parents leave to their children a weakened body that craves stimulants, and such children easily become alcoholics if they are allowed to use intoxicants.

With proper care and treatment and proper assistance on the part of the victims themselves, Dr. Crothers thinks that fully half of the steady drinkers might be cured. Considering the advance of medicine, the ability to cure only 50 per cent, the evidence of the grave nature of alcohol poisoning, and of the peculiar form of insanity it brings on. He estimates that there are more than a quarter of a million alcoholics in what is known as the chronic class that receive little or no treatment.—New York American.

Married at the Manse.

Quite a surprise to their friends was the marriage of Miss Flora Otilie Lippman and Mr. Fred French of this city, which took place Saturday evening at 8 o'clock at the manse, the home of the officiating minister, Rev. S. D. Harkness of the First Presbyterian church. The only witnesses aside from the minister's family were two brothers of the bride, Mr. Roy Lippman of this city and Mr. Edward Lippman and his little daughter of St. Louis. Mr. and Mrs. French went to their home, 309 West Fourth street, which is the old Lippman home, immediately after the ceremony, and will be at home to the friends after April 15. The bride is the only daughter of Mrs. Lisetta Lippman of Maryville. The groom has been an employe of the Maryville post-office department for several years. Both are popular young people and will receive the happiest wishes of hosts of friends.

Young Ladies' Mission Circle.

There was a good attendance at the Young Ladies' Mission Circle of the First Christian church Saturday afternoon, with Miss Marie Prink as hostess. The devotions were led by Mrs. G. B. Roseberry, who read the fourth chapter of Proverbs for the Scripture lesson. The numbers on the program were a paper on "Training the Children for Mission Service" by Mrs. E. L. Cook; "The Making of a Children's Missionary Society," Mrs. Albert Swann; a story on "The Making of a Decision" was read by Miss Maud Hagline. The quiz on "The Life of David Livingstone" was conducted by Mrs. J. S. Shinsbarger. An interesting and entertaining letter was read by Mrs. J. D. Richey from Mrs. H. A. Denton of Galesburg, Ill., the organizer or mother of the Circle, who favors her thriving protegee with a letter of encouragement two or three times a year. The music on the program was a vocal solo by Mrs. Harry Todd and a piano number by Miss Marie Reuillard. During the business session Miss Reuillard was elected pianist. The hostess was assisted in serving a luncheon during the social hour by her guest, Miss Jessie Ladwig. There was another visitor, Miss Hudson.

Was a Very Pretty Wedding.

The prettiest wedding of the season was that of Miss Esther Shoemaker and Mr. Oliver K. Bovard, at the home of the bride's parents, Mr. and Mrs. Frank G. Shoemaker, 402 East Fourth street, Saturday evening. The house decorations were all in green and gold, the colors of the Eta Upsilon Gamma sorority of Hardin college, of which the bride was a member, as were two of her bridesmaids, Miss Louise Sallander of Ft. Madison, Ia., and Miss Caroline Watkins of Lawson, Mo. The

staircase in the reception hall was wound with smilax. An aisle formed of bands of yellow tulle led from the stairway to the altar at the east window of the music room, made entirely of palms, ferns and smilax. The bridal couple stood under a canopy made of strands of smilax, extending from the chandelier to the window. Before the ceremony Mrs. Ferdinand M. Townsend sang two numbers, "I Love You" and "You Alone," with accompaniment by Dr. D. J. Thomas, who played the march. The wedding music from "Lo-hengrin" announced the approach of the bridal party. The bridesmaids were dressed in the colors chosen for the wedding, green and gold. Miss Sallander, who was maid of honor, wore a yellow charmeuse satin and carried a basket of yellow roses. The bridesmaids, Miss Watkins and Miss Laura Barmann, were gowned in green and carried baskets of yellow daffodils. Miss Watkins' gown was of green meteor crepe with trimmings of white lace, while Miss Barmann's gown was of green and white brocaded satin. Following the maids came the bride with her father, Mr. F. G. Shoemaker, then the bridegroom and his best man, Mr. Edward Schumacher, and they were met at the altar by Rev. Gilbert S. Cox of the First M. E. church. The Episcopal church marriage service was read by the minister, the father giving his daughter to Mr. Bovard. The bride was beautiful in her robe of white lace over white charmeuse satin. Her bouquet was of white roses. After congratulations from the guests, who were relatives and intimate friends, a two-course luncheon was served. In the center of the table was the bride's

cake, which was cut by the bride and her maids, Miss Watkins securing the ring and Miss Sallander the thimble. Assisting during the reception of the guests was Master Louis Vance Liston, who opened the door on their arrival. The little boy is the son of Michael Liston, who has been in the employ of the bride's father since before she was born and has always been her good friend. The others assisting were Miss Elizabeth Leet, a cousin of the bride; Mrs. D. J. Thomas, Mrs. Luther Forsyth, Miss Dora Carpenter, and Miss Maud Batum. The only thing that marred the happiness of the evening was the absence of the bride's brother, Frank G. Shoemaker, Jr., and his wife of Oklahoma City, Okla., who were unable to attend, and a girl friend, Miss Araminta Sargent of Chicago.

Hopkins Minister Marries.

Rev. Henry M. Baker, pastor of the Christian church of Hopkins, married Mrs. Bess Kime Miller Saturday evening at 8 o'clock, at the home of the bride's mother, Mrs. Lettie Kime, who, with another daughter, Miss Cleo Kime, were the only guests. The ceremony was performed by Rev. W. H. Griffith, pastor of the Baptist church at Hopkins.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit. The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers. The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow. NEW MEMBERS WANT ACTION

Say They Will "Fight Out Questions All Summer."

TARIFF REVISION IS SURE.

Panama Canal Toll Issue Cannot Be Evaded, Say Democrat Advocates of Free Tolls Among House Members. Sims Will Introduce Bill.

Washington, March 17.—Congressional circles are keeping a close watch on the White House for any indication of a change of sentiment toward the consideration of other subjects than the tariff at the special session that is to convene early next month. It has become increasingly evident that currency reform, Philippine independence, Panama canal tolls, woman suffrage and other leading issues are to be forced upon the attention of the country before the tariff session is well begun; and that it will be difficult to withstand the pressure to have them taken up for action before adjournment.

While the older members of both houses of congress are urging an early adjournment of the approaching session, there are scores of new men in the senate and house who are willing and eager to "stay all summer." If necessary, to secure legislative action upon subjects in which they are interested.

The Panama canal toll issue cannot be evaded. In the opinion of Democrats of both houses, who have been advocates of the repeal of the free toll provision in the law, which will become operative as soon as the canal is opened next fall.

Sims Will Introduce Bill.

Representative Sims will reintroduce his resolution to accomplish this end soon after the new congress convenes and will attempt to secure action upon it.

The Democrats have gotten over the hard places in the tariff revision scheme, have virtually finished with the fourteen schedules of the Payne-Aldrich law and will take up administrative features of the tariff today.

With that part of the work disposed of, there will be a final smoothing out of the whole plan, a careful analysis of the effect on federal revenues that would follow each change tentatively agreed upon and then a full consideration of the income tax plan, with a view to making up any needed amount of revenue.

There have been some additions to the free list of the present law. The fight against free lemons has been compromised with an agreement for a substantial cut in duty. There have been numerous reductions agreed upon in the big schedules, much along the lines indicated while the hearings were in progress.

BRYAN TO IRISH-AMERICANS

Predicts Island Will Have Home Rule Inside of Two Years.

Washington, March 17.—Home rule in Ireland within two years is the prediction by William J. Bryan, secretary of state, in an address at a St. Patrick's day banquet, given by Irish-Americans. Mr. Bryan based his prediction upon the fact that in that time the Irish home rule bill would again be before the English parliament and that the house of commons being controlled by the Irish members it again would be passed by that body and would not require the concurrence of the house of lords. In his introductory remarks Mr. Bryan paid a tribute to the Irish character, which he declared was responsible for the great fight being waged for home rule and thus bring about the beginning of the end of hereditary rule.

"The degradation of the house of lords," Secretary Bryan said, "is due to its opposition to the home rule bill which brought about an amendment to the English constitution, thus making the concurrence of the house of lords unnecessary after a bill has passed the house of commons a second time. The Irish can point to this as one of the greatest achievements in history, having brought to a vital end hereditary rule in the British empire. Within two years the Irish all over the world can celebrate the freedom of Ireland."

Referring briefly to the change of administration in the United States the secretary said the government of a great country had been transferred from one party to another of diametrically opposite views, "without a ripple, without a protest and without a murder."

Friedmann Returns to See Patients.

New York, March 17.—Dr. Friedrich Franz Friedmann returned here from Canada and made preparations for administering his tuberculosis vaccine to twelve patients in Bellevue hospital today. Dr. John F. Anderson, director of the hygienic laboratory of the United States public health service, will watch on behalf of the government the cases treated by Dr. Friedmann.

It is on this line that your name counts most.

UNTIL a bank book bears your name, you are not advancing or bettering your situation. The young man or woman, of large or small income, is merely treading water until he or she starts to save. There is nothing more gratifying than the reflection that you have a comfortable balance at the bank. PAPE'S DIAPEPSIN ENDS INDIGESTION.

Time It! No Sour, Gassy Stomach or Dyspepsia in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you must injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

GOTHAM CROOKS MAKE RICH HAUL

Thieves Get Quarter Million Worth of Jewels and Notes.

ENTER SHOP THROUGH TUNNEL

Police Think That Six Cracksmen Were Engaged in the Work, Which Was Not Heard by Tenants in the Building.

New York, March 17.—An east side burglary, perpetrated by clever cracksmen, netted the thieves the largest haul obtained in New York city in many years. Martin Simons & Sons, pawnbrokers in Hester street, were the victims and the property included \$125,000 worth of jewelry, diamonds and other precious stones, and \$100,000 worth of negotiable securities.

The thieves gained access to the pawnbroker's richly stored vaults by means of a tunnel from an abutting building on a neighboring street. They made a clean getaway with their valuable loot.

The police are of the opinion that six cracksmen were employed on the job and that the tunneling required two days. None of the tenants in either the building from which the tunnel started or that in which the pawnshop was located heard any unusual noises.

When Simons and his son reached the pawnshop and made a hasty inventory, they declared that the loot taken easily was worth \$250,000 and that probably its value would exceed that figure.

A janitor peering through the window of the shop noticed the litter near the vault and gave the alarm. The police found that the tunnel was dug in the cellar of a house in Spring street directly adjoining Simons' place. It was driven through the wall of the Eldridge house and into a wood bin in the cellar of the Simons' store. The thieves sawed away the overhead flooring at a spot directly in front of the treasure vault. The vault, which stands twelve feet high and is built in the wall, was entered by chopping away the masonry.

WARDELL UNDER ARREST

Man is Accused of Swindling Woman by Mock Marriage.

Chicago, March 17.—David A. Wardell, a San Francisco real estate dealer, who is alleged to have used the name of Donald Coleman when he married Miss Laura Crew in Los Angeles, was brought to Chicago from Rochester by detectives. Three thousand dollars of the \$4,500 which the woman had turned over to her alleged "husband" was recovered by the police. He was booked on a charge of operating a confidence game.

Miss Crew now is convinced that she was lured into a false marriage by Wardell for the purpose of getting her money. He persuaded her to sell her hotel business in Los Angeles where they were married, she told the police and she entrusted the proceeds—\$4,500—to him when they reached Chicago last month.

MURDERS HIS SISTER-IN-LAW

Chicago Policeman Slays Woman Who Caused Son's Arrest.

Chicago, March 17.—Dressed in his uniform, Policeman Joseph Smith, who for more than twenty years has been a member of the Chicago department, walked into a station, saluted the sergeant in charge and said:

"I've just killed my sister-in-law, Mrs. Rose Smith, over in her home. You had better send some one over there."

Policemen found Mrs. Smith had been shot three times in the head. She died almost instantly.

"She ruined my home, disgraced my name and brought shame upon my son," Smith explained. Recently Mrs. Smith caused the arrest of the policeman's son on the charge of larceny.

Think an Insect Causes Pellagra.

Washington, March 17.—Pellagra is more prevalent than is ordinarily supposed, even by physicians practicing in pellagrous communities. Assistant Surgeon R. M. Grimm of the public health service says in a report on the results of an investigation in several southern states. Because of its widespread existence in certain districts, he urges a sweeping inquiry to unravel the cause of the puzzling disease. The surgeon declared that there was a possibility that some insect played a part in the dissemination of the disease.

Carnegie Endowment Issues Appeal.

Washington, March 17.—Declaring the United States ought to be the most scrupulous of all nations in the keeping of its treaty obligations, "even to its own hurt," the trustees of the Carnegie endowment for international peace issued an appeal to the American people to bring about an act of national honor the repeal of the act of congress which exempts coastwise vessels from payment of Panama canal tolls.

Orders Purse Thieves Shot.

Kansas City, March 17.—Chief of Police Griffin issued an order instructing policemen to "shoot down any purse snatcher caught in the act of seizing a purse or bag." The order is the result of numerous robberies recently.

Relief for Bowel Trouble

Here is a laxative—not a purgative—but a pleasant, easy-to-take tablet that tastes just like candy, that children like, that is ideal for invalids and aged persons. We guarantee it not to cost you a penny if it does not satisfy you. Don't doubt or hesitate—make us prove it.

Consult Your Doctor

We believe your doctor will tell you that about 95 per cent of all human ills are indirectly caused by unclean and constipated bowels. You know the first question the doctor asks when you consult him is, "Are your bowels regular?"

When your bowels are not naturally exercised such as they would be if you took a good brisk walk of six or seven miles a day out in the open, they require artificial exercise and a corrective tonic that will soothe and strengthen while regulating the bowels to natural action.

Free If It Fails

We have so much faith in Rexall Orderlies as the safest, most dependable, easiest-to-take, quietest acting and most thoroughly good remedy for bowel trouble, that we offer them with our positive guarantee that if they do not satisfy for any reason whatever, we will hand back the money you paid for them.

Don't doubt or hesitate. Make us prove our claims. Come and get a box of Rexall Orderlies today.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores.

Married Hot Staff.

Quite a story is told on one of the centennial county papers. It was deLippmconsiderable space each week city, consensual divorce case then being fought in the local court. A reporter on the paper, walking through city park one afternoon, noticed a young lady lay aside a copy of the paper, take off her shoes and stockings, turn the latter wrong side out and then put them on again. This aroused the curiosity of the reporter and he went to her and asked the reason for her peculiar actions. She replied, "I was just reading the account of the divorce case in this paper and it was such hot stuff I had to turn the hose on myself."

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Maryville.

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, backache, etc. Urine poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maryville woman tell of her experience.

Mrs. L. Cain, 709 East Second street, Maryville, Mo., says: "My kidneys bothered me quite awhile and I had backaches and headaches. On a friend's advice I got Doan's Kidney Pills and they soon brought me relief. I can certainly recommend them."

THAT TIRED FEELING

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood, and a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy but that has long ago been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cods' liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker is Bowden's Mill, Ga., says, "When I was badly run down last spring I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it does not. Orean-Henry Drug Co., Maryville, Mo.—Advertisement.
